WALK ENTRIES CLOSE SATURDAY

Dr. Hand Has Great List of Events for Kapiolani Park on June 11th.

Entries for the big walking race at Kapiolani on June 11 close at 8 o'clock on Saturday evening at the Y. M. C. A. building. Those who figure on entering please take notice.

There have been many state that they expect to go in this race and some of them are already training for it, but comparatively few have put in their entries. It was hoped that Cheatham would enter but his name is not yet in, nor is that of Dal Fahy.

The latter must surely have forgotten to do so, for was it not he who made remarks about long-legged newspaper men and how he could beat them over any distance at a walk? Did he not state for publication that he was training for the event and did he not go so far as to stop one newspaper man who might be accused of having long legs and openly defy him to walk in the race?

There is much talk around town about this race and it looks as though there would be nearly as much excitement over it as the big Marathon which will take place the same day. Dr. Hand has been very busy for a long time and he is going to pull off an attractive public program as ever happened.

The Marathon race is for Y. M. C. A. members only. Those entries are all in, but the walking race and the bicycle race of eleven miles are open to anybody who is an amateur and Dr. Hand's interpretation of that word is "Any man who does not engage in any sport for a living."

Cup Up for Relay.

A cup has been put up for the school mile relay race and this will be a very attractive event. The Kams and High School have already announced their intention of entering four-man teams and there is little doubt that both Punahou and St. Louis will come in.

The track will be fixed up. This arrangement has been made through the courtesy of the supervisors. It will be scraped and rolled, the hollows filled up and the bumps leveled down and it will be as good a mile track to run, walk or ride on as one could want.

In addition to these events there will be motorcycle races and a baseball game from the Riverside League schedule. After the Marathon runners are started from Kapiolani Park and the runners are all on their way down Kalakaua avenue, the walking race will start. Then will come the bicycle race for Dr. Hand's gold watch and the motorcycle races.

The baseball game will be started in time to be finished before the first of the Marathon runners appears on the track for the last four miles and there will be something doing every minute of the time. The mile relay race will be started either directly after the start of the Marathon, or later on according to the wishes of the contestants.

Nobody who has not watched his work can have any idea of the energy and hustle that Dr. Hand has put into this June 11 celebration. He has thought out every event very carefully and has brought out a program that will interest everybody. It looks as though Kamehameha day would be one of the most successful celebrations ever held here.

OFFICERS WILL PLAY BASEBALL

Yesterday morning a wireless from the Sheridan arrived addressed to the manager of the Fort Shafter baseball team. It was a challenge for a game of ball to be played this afternoon between the officers from the fort and the military officers on board the transport.

The challenge was immediately accepted and arrangements were made to have the game at Ala Park this afternoon. The game will start at 3 o'clock and should prove to be a good game as well as much of a society event, with eighteen officer men playing ball at one time.

It is said that the 7th Infantry has several good players and these will combine with officers of the Engineer Corps so that the Fort Shafter people will have to do some tall playing if they are to win out.

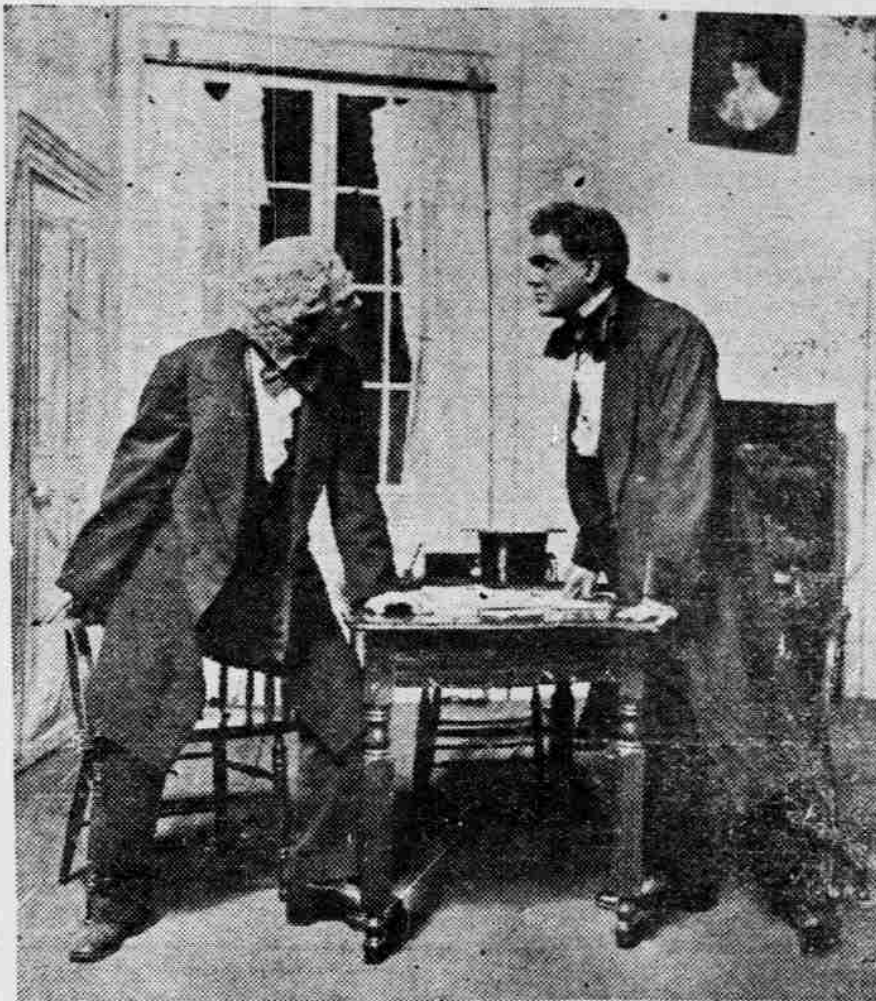

ALL MEMBERS ARE WANTED

The Country Club has many members who do not engage in the delightful game of golf and it is these whom the management of the big doings tomorrow night want to get at.

The golf players want to see all the members up there. If the laymen do not want to watch this tournament in the afternoon, they are urged to get up to the club in time for supper and take a chance at a jolly evening with the smoking concert afterwards.

Arrangements have been made to have the bus running all the afternoon and evening until the last car so that there will be no trouble about getting home. These Country Club jollifications are always very enjoyable and it is something that not a single member or lucky guest with an invitation can afford to miss. Members please let Frank Armstrong know that you are going.

SCENE FROM "SHADOWS OF NEW YORK," TO BE GIVEN BY THE ELLEFORDS TONIGHT AT THE ORPHEUM.

"Shadows of New York" at Orpheum.

The popular Elleford company closed their second night of "From Farm to Factory" at the Orpheum last night and the play was enjoyed very much by the appreciative audience. Tonight the offering is "Shadows of New York," a sensational comedy drama dealing with scenes and incidents in and around the great metropolis. The first act takes place at Huckins' Run, a little village in northern New York, and introduces several quaint comedy characters. The action takes place in Eben Scraggs' store. There has been a gang of counterfeiters working New York state for several months and the Pinkertons have several sleuths out on their trail. Pietro Sasso appears as Larry Emmet McCarthy who is ostensibly a drummer for a grocery house but is a detective. He comes to Huckins' Run and ingratiates himself with the natives as he has a clue leading him to the little village. Kate Brierly is also in the employ of the detective people and is disguised as a Salvation lassie, and she discovers that Joe Brentwood, her husband who has deserted her, is the leader of the gang and that Silas Buckthorne, a respected (grand Army man of the town, is also in the illegal work. They finally capture the gang, and Larry marries the old groceryman's daughter, whom he has met in the little village and fallen in love with. Mattie Lloyd Luce appears in a great comedy part, Thankful Buckthorne, a tongue-tied country girl, and she will introduce a catchy rural song. Audie Due appears as Mollie Scraggs, the pride of Huckins' Run, and George Hernandez has a great part as Frank Brown, the delivery boy for the store. The Osborn children will have a new and pleasing specialty and several members will contribute new turns. The offering for the Saturday matinee is "The American Girl," a play that gives the Osborn children two great parts in the production and besides they will have a new specialty. Matinee prices are ten cents for children under ten years and twenty-five cents for adults all over the house. Seats are now on sale for all performances.

Art Theater.

The pictures shown at the Art Theater for the week-end, beginning tonight, are unusually attractive. "The Lady or the Tiger" depicts the intrigues of a royal court, with all the pomp and circumstance imaginable. "L'Arlesienne" is a love romance of the peasantry of Southern France, with entrancing settings of rural landscape and heart-stirring scenes of tragedy and pathos. "Colonial Virginia" conveys a vivid idea of the landing of the first settlers at Jamestown, and of their modes and habits of life. In addition to the above, the program includes some laughable bits of comedy, the most notable being "The Two Affinities," where husband and wife alike go out for a good time, only to come face to face, making the best of the situation.

TWO TEAMS ARE OUT OF LEAGUE

There was quite a little pilikia at the meeting of the Riverside League last night. Two teams withdrew and the president and secretary resigned. Still there are three teams left and it looks as though there would be a Riverside League series after all.

It all came about in this way. There is a rule in the league laws that states that the constitution and by-laws may be amended by a three-fifths vote. That is by a vote of each of three teams, there having been five in the league so far.

The C. A. C.'s and the J. A. C.'s wanted to amend this rule and make a four-fifths vote necessary, as they thought it would be to the best interests of the league to do so. The other three teams, the Palamas, the Aalas and the Chinese Alohas thought differently and the motion was not carried.

This peeved the president who resigned and the J. A. C.'s and C. A. C.'s both requested to be allowed to withdraw from the league. It was reported last night that Jack Nottley was not in sympathy with the action of the manager of his team in withdrawing, but Mr. Nottley could not be found to confirm or deny this report.

YACHTSMEN ARE GETTING READY

There is much hustling round on the part of the yachtsmen these days. The season has had a good start and the skippers of the different racers are thinking about getting ready for the Irwin cup race a week from Sunday.

Crews are being called up and notified that it is up to them to be on hand early next Sunday, to help in getting ready and most of the entries in the race will be out for a trial spin over the course.

Crews have to be drilled into shape, new hands licked with a belaying pin until they are something like shipshape and don't take half hitches in the jib sheets or do other farmer tricks; and new halyards and sheets have to be stretched into working length.

The Hawaii will probably be brought up from Pearl Harbor tomorrow afternoon and accompany four or five of the yachts for a spin over the course on Sunday. None of the skippers are complaining about difficulty in raising a crew and the enthusiasm which was started by last Sunday's excursion seems to be on the increase.

Hugo Kelly and Billy Papke will fight for the middleweight championship of the world next Saturday night in San Francisco. This bout will be of forty-five rounds, which is practically to a finish.

MOTORCYCLE CONFERENCE

Tonight there will be a motorcycle meeting at the Y. M. C. A. at 8 o'clock. The object of the meeting is to arrange some races for June 11 to fit in with the other Y. M. C. A. events scheduled for that day.

With the track smoothed over and put in good shape, there is a chance for some excellent time to be made. It is expected that most of the expert riders will take part and a ten or twenty-mile match between Herick and Berger will be the feature of the races.

A large consignment of motorcycles, Indians, Harley-Davidsons, Yale-Californians and Reading Standards failed to arrive on the Hawaiian. But they will certainly arrive on the next steamer and there will be many new machines ready to take part.

JOE PA AT LOS ANGELES

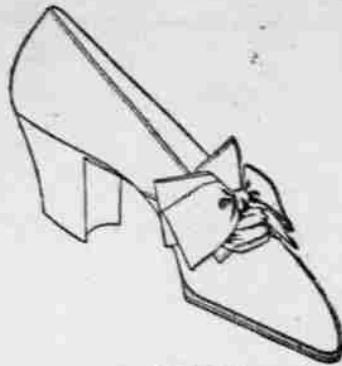

Joe Pa of Honolulu, who in 1907 was stroke oar on the eight-oar crew which won the championship of the Hawaiian Islands, is in Los Angeles on a long visit. In addition to being quite a sculler, Pa is a swimmer and sprinter of no mean ability. Withington, who sat at No. 2 on last year's Yale varsity crew, was also a member of the rowing squad with Pa. Another Hawaiian who is well known in Southern California because of his bravery and abilities as a swimmer is George Freeth. It never has been generally known that Freeth was an oarsman, but according to Joe Pa, the Honolulu oarsman, Freeth, together with H. O'Sullivan, holds the double sculler championship title of the Hawaiian Islands, and in Hawaii, oarsmen are born, not made.

7TH INFANTRY TAKE NOTICE

The 20th Infantry battalion team would like to play the 7th ball-tossers today. The officers' game will be at Ala Park this afternoon and the local team thought it would be a good idea for a picked team from both regiments to play a first game starting at 1:30.

If the manager of the 7th team should see this, he is requested to communicate with the manager of the 20th team. His name is Ramsey and he can be found at Fort Shafter or can be called up on the telephone number 620. For the benefit of the visitors: Ala Park is close to the upper end of the harbor. The King street car line takes you right past the grounds.

LA MONTE

Our WHITE CANVAS, TURN-SOLE OXFORD, made in the very newest Summer shape.

The two eyelets, with wide ribbon laces, and canvas-covered Cuban heel, give it a very trim, natty appearance.

Young Corbett has made a statement in New York that he is going to regain the lightweight championship. Did anybody ever hear that kind of a story before?

May 2. Battling Nelson again in the limelight. He states that he will positively fight Johnny Thompson at Colma on July 5 instead of Packey McFarland.

May 3. Wintergreen, sired by Dick Welles, wins the Kentucky Derby at Louisville. The winner was the favorite in the betting and was ridden by Vincent Powers.

Both Stanford and Berkeley will have crews at Seattle for the regatta to be held on Lake Washington during the Alaska-Yukon exposition.

Bat. Nelson's latest schedule. This is the very latest and we cannot know whether it be changed or not until the next files arrive from the Coast. Dick Hyland, May 29; "Cyclone" Johnny Thompson, July 5 and Packey McFarland, September 9.

May 2. The combined fleets of the San Francisco and Corinthian yacht clubs have a grand opening of the season. The yachts sailed along the city front and passed the Aso and Soya, then lying at anchor in San Francisco harbor. The Japanese sailors expressed their appreciation of the sight of the many pretty yachts with loud cheers.

May 4. Soldier King wins another Marathon race in San Francisco, beating a field of ten in 3 hours and 21 minutes. Allen Garcia was second and Cusick, the Indian, was third. The race was held in the Auditorium under the management of Tim McGrath.

The trout fishing season is in full swing on the Coast. Truthful Deliver is there as usual. Everybody who ever caught a trout from Snoqualmie to Eusebius has heard of truthful Deliver. He is a wonder.
